### **DID YOU KNOW?**

#### **Comprehensive list of Seneca Meadows' sustainability & waste diversion efforts:**

1. Recycling close to 2 million tires per year
  2. Recovery of landfill gas for renewable energy
  3. Onsite leachate treatment for water quality & carbon reduction
  4. Offer household recycling drop off at the landfill for Seneca County residents
  5. Offer yard waste diversion facility on site for Seneca County residents
  6. Offer e-waste recycling drop off for Seneca County residents and businesses
  7. Offer cell phone recycling drop off for Seneca County residents and businesses
  8. We work with Cornell Cooperative Extension on various recycling education initiatives
  9. Offer free event recycling totes to large scale events in Seneca County (ie: Sampson dog show, county fair, etc.)
  10. Work with local schools on recycling and composting (ie: Recycling grants at Frank Knight, Waterloo middle school composting)
  11. Offer rechargeable battery recycling drop off for County residents and businesses
  12. Offer Christmas tree recycling including free drop off at Walmart each year
  13. Seneca Meadows Education Center is Seneca County's first and only LEED Gold certified commercial building. (Used local and sustainable building materials, geothermal heat system, water reduction techniques, etc.)
  14. Offer bi-monthly community education & environmental programming through strategic partnership with Audubon
- **Our parent company (Waste Connections) owns and operates the largest recycling processing facility in New York State (Sierra Processing, near Albany, NY)**
